

PT Tilt Table

by Hill Laboratories

The PT Tilt Table gently moves your patient from a standing to a horizontal position. Featuring electric foot pedal-controlled movement and smooth transition between soft start-up and landing, the PT Tilt Table will not disturb the patient with sudden stopping or bumping. The PT Tilt Table is also equipped with three restraining straps that can be adjusted along the length of the table to fit different size patients. The PT Tilt is available in 20 decorator colors with base in beige or gray.

4495 € HT
