

Hill Hi-Lo Table

Since to 4250 €HT

is designed to serve the doctor who uses the ACTIVATOR® instrument or applies the "ACTIVATOR METHODS®" technique.* Featuring a smooth transition between soft start-up and landing, the Hill Hi-Lo will not disturb the patient with any sudden stopping or bumping. The standing foot board automatically folds down as the table top is lowered. Patient size and comfort are taken into account with a wedge-shaped foot section that conforms to the angle of the leg (also available with flat cushion). The Hill Hi-Lo is available in 20 decorator colors; the base is available in beige, gray or black.

Spécifications
